TUESDAY EVENING, JULY 10, 1906.

## Local Matters.

**Sun and Tide Table.**  
Sun rises tomorrow at 4:42 a. m. and sets at 7:27 p. m. High water at 11:34 a. m.

**Weather Probabilities.**  
For this section fair tonight and Wednesday; light winds, mostly southwesterly.

## Improved Paving.

The work of laying vitrified brick on Lee street, between King and Prince, is now in progress, and in a short time another square of this modern roadway will have been laid on that thoroughfare.

The work of removing the cobble and rubble stones on Royal street, between King and Prince, is progressing, and within a few weeks' time a vitrified brick roadway will extend around the square bounded by King, Prince, Royal and Fairfax streets.

There is every reason to believe that Fairfax street, between King and Cameron, will soon be laid with vitrified brick. It is said to be the purpose of property-owners in the near future to have similar work done on Cameron street, between Fairfax and Royal. When these two squares shall have been improved vitrified brick will surround the City Hall square.

## Old Steamboat Sunk.

While in tow of the tug William H. Yerkes, the old steamboat Samuel J. Penz left yesterday evening in the Patuxent river, and was beached off Wagner's Point to save her sinking entirely. Her decks are awash, but the vessel is otherwise in no further danger. The steamer had been berthed at Woodall's shipyard in Baltimore since last fall, and was bought last week by J. Heath, of Washington, who proposed to turn her into a houseboat for use on the Potomac river. The alterations were to have been made at Washington, and she left the Baltimore shipyard yesterday afternoon, in tow of the tug for that purpose. After she had passed the Lazaretto, it was discovered that she was leaking. Efforts to stop the leak proving unavailing, the boat was beached. The Penz will be raised as soon as possible and brought to Washington.

## Plans for Water Works.

Mr. D. J. Howell, civil and hydraulic engineer, of this city, whose office is at 605 12th street N. W., Washington, D. C., is preparing plans for a dam and water works to be constructed four miles from Charlottesville. The water supply is to be obtained through an 18-inch water pipe; dam to be of concrete 70 feet high, having a top width of 400 feet; reservoir to have a capacity of 600,000,000 gallons.

Plans and specifications are now on file and bids will be opened July 16 by Mr. Howell, for the construction of an earthen dam 375 feet long and 43 feet high with concrete core; at Warrenton; reservoir to have a capacity of 6,000,000 gallons. About \$200,000 will be expended.

## "The Jolly Ethiopians."

S. H. Dudley and his company of colored players opened a week's engagement at the old fair grounds last night and presented entertaining colored musical forces. The musical numbers of the show are all original and were loudly applauded. The audience was large, including a large number of white people. "The Jolly Ethiopians" will appear every night and there will be matinee Thursday and Saturday, and on Saturday evening a cake walking contest will be held between the local talent of the city for a prize. A separate section has been arranged for white patrons of the show.

## Election Expenses.

Those who figured in the regular June election for the City Council should not forget that the provisions of the Barksdale law apply to that election as well as to all others, and that therefore, they should file their duly authenticated expense accounts before July 12th. The statute provides severe penalties for those who ignore it, yet it is always a hard matter to make candidates heed the law.

## The expense accounts should be placed in the hands of Clerk Benheim of the Corporation Court within thirty days after the date of the election.

## Corporation Court.

[Judge L. C. Barley presiding.]  
Hiram E. Webb vs. Lizzie Webb: final decree for divorce on grounds of desertion.

The will of the late Mrs. Mary Kell was admitted to probate and her daughters, Mrs. Mary E. Alexander and Mrs. Martha O'Brien, qualified as administrators, w. w. s. The deceased left an estate, valued at \$4,000, divided equally among her children, after making a bequest of \$500 to her grandson, Elliott K. O'Brien.

Bell was elected to the vacancy existing in both boards by reason of the death of the late Robert Porter. Mr. Bell is president of the American Security and Trust Company, of Washington, D. C.

## Proposed Apartment House.

A meeting of the board of directors of the Apartment House Company recently organized in Alexandria was held at the rooms of the Business Men's League last night. The movement toward the erection of the proposed structure is now assuming shape, and the meeting last night was for the purpose of furthering the plans which have heretofore been described in the Gazette.

A charter was granted yesterday by the State Corporation Commission, to the Hupel, Holleran & Winslip, incorporated, of Alexandria. Incorporators: G. Meredith Winslip, president; Frederick K. Hupel, secretary and treasurer; Andrew Holleran, general manager, all of Washington. Capital stock, maximum, \$75,000; minimum, \$25,000.

Trene Barford, colored, arrested by Officer Beach for disorderly conduct, was fined \$5.

Two butchers who allowed the water from their ice boxes to drain into Royal street were dismissed because the court held that there was no sewer there for the water to drain into.

## Fined Five Dollars.

Among the cases before the Police Court this morning was that of William Tate, colored, who had been arrested by Officer Beach for expectorating in the market house. Justice Caton imposed a fine of \$5 upon the accused, that being the penalty prescribed in such cases. The principal hotel managers of Baltimore have agreed to dispense with orchestras heretofore employed to furnish music at meals. This movement is the result of a demand on the part of the Musicians' Union for more pay.

Owing to the scarcity of bills of small denominations, Secretary of the Treasury Shaw has issued a circular letter to national banks urging them to issue as large a proportion of their circulation as possible in five-dollar notes.

Will Anderson, a Memphis negro, was hung last night from the cross arm of a telegraph pole near Tiller, Ark., in full view of the windows of the cottage of Mrs. Crawford, whom he assaulted.

Anderson choked the woman into unconsciousness, and when she regained her senses she staggered to the nearest neighbor and told her story. Anderson was trailed into a swamp, arrested, identified, confessed and was hung forthwith.

J. T. Bledsoe, who shot and killed Dan Alexon on an excursion train near Autreyville, N. C., Sunday morning, after Alexon had displayed two pistols and expressed a determination to kill all in the car, wired the sheriff at Clinton yesterday as follows: "Killed man near Autreyville last night. Want to surrender. Advise." Bledsoe's attorney says he will go to Clinton and ask for an immediate hearing, which probably will be held tomorrow.

The mutilated body of eight-year-old Harry Priest, of West Tuisa, Indian Territory, was found in a St. Louis and San Francisco wheat car Sunday night. The boy had been abducted by a tramp last Thursday from his home, and is supposed to have been murdered and his body placed in the car to hide the crime. The body was literally cut to pieces. There is no clue to the murderer. The body was found by the boy's father. It was so badly disfigured that the features were unrecognizable. The only means of identification was the clothing.

One killed, another fatally injured, while three are seriously burned, is the result of a fire in a soda bottling works at Meadville, Pa., yesterday. The fatality and injuries were caused by a bursting soda-charging tank, falling walls and flames. The loss is estimated at \$7,000. The cause of the fire is not known. Two residences and a barn immediately adjacent to the bottling plant were consumed before the fire was controlled. When the flames reached the charging tank it exploded with a terrific roar and pieces of the heavy metal were thrown with great force in every direction, subjecting the employees who had not made their escape to a veritable charge of shrapnel. Walter Fries, 14 years old, was struck and instantly killed, and several others seriously injured.
